**A-G Diploma Program Goals:**

- ▶ Increase Graduation Rates
- ▶ Decrease Dropout Rates
- ▶ Increase number of students passing A-G required courses

**Target student population:**

- Students are identified after Freshman year is over.
- Students who have not taken or have failed 3 or more A-G courses towards graduation will be on our caseload.
- Parents/Guardians are usually notified via mail (this year we are not certain if parents/guardians will be notified via mail, thru a web portal, or phone call). Be assured, parents/guardians will be contacted if their child is identified.

**Preventative Measures:**
